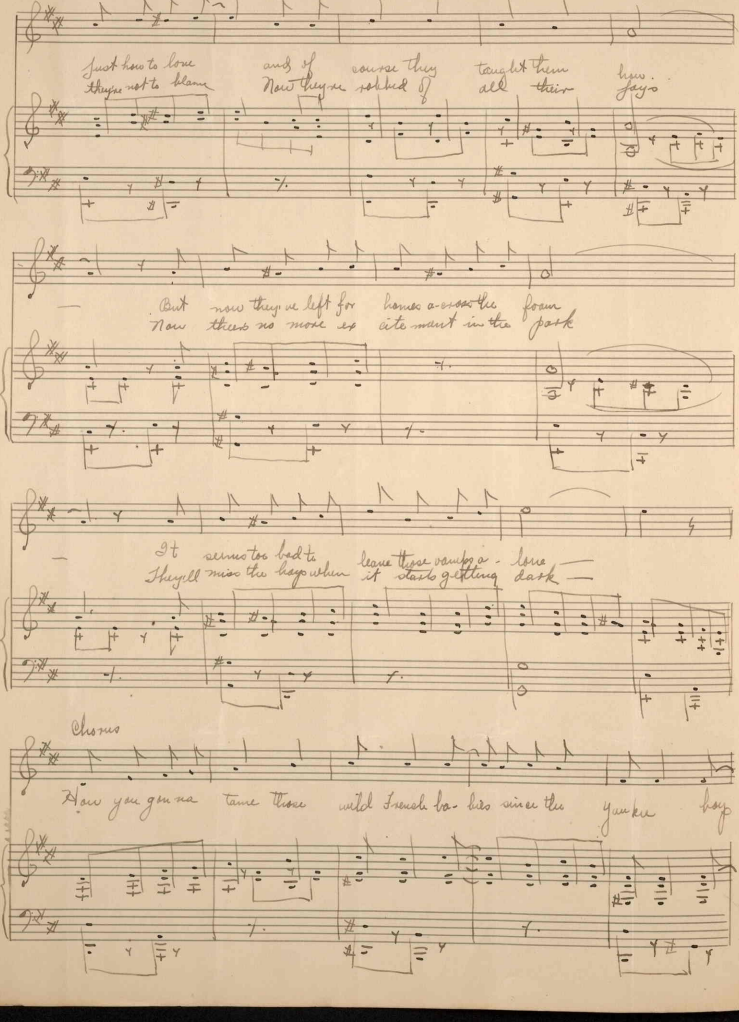
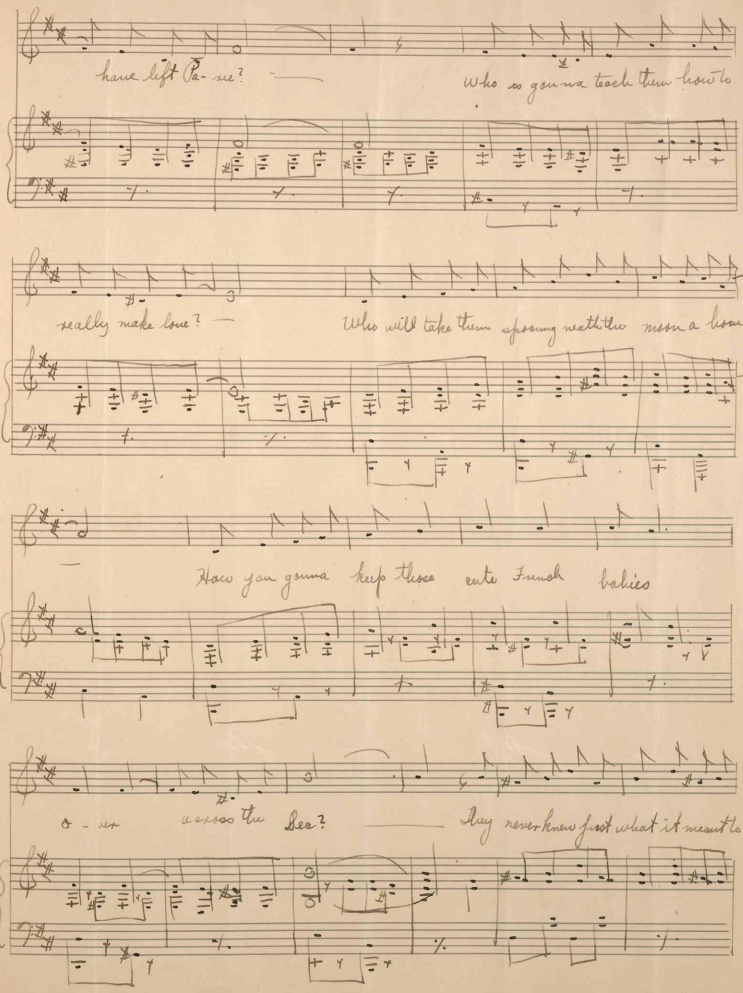
O-ver in France the French la-dy vamps — Must be aw-fully
O-ver a cross the French have shame but all their lov-ing

lone-ly now The A-mer-i-can boys — knew
yank-ee boys and it seems quite a shame for

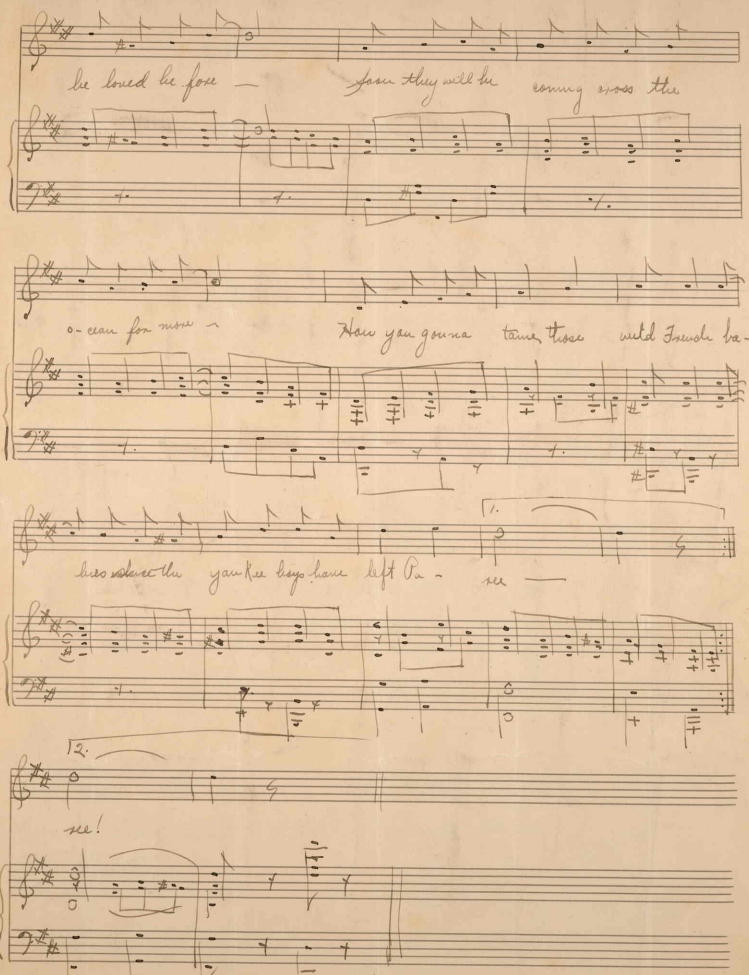
M1646
.P



Just how to love and of course they taught them how.
they're not to blame Now they've robbed of all their joys
But now they've left for homes a-cross the foam
Now there's no more excitement in the park
It seems too bad to leave these ramba-bas
They'll miss the hops when it starts getting dark
Chorus
How you gonna tame these wild French ba-bas since the yanks kep



have left Ca- ne?
Who is gonna teach them how to
really make love?
Who will take them sposing with the mona lisa
How you gonna keep those cute Finish babies
o - ver across the Sea?
They never know just what it meant to



he loved he fore —
soon they will be coming cross the
o - cean for more —
How you gonna tame those wild French ba -
bes once they've tasted the yankee boys have left Pa - ree —
