Un - cle Sam's sol-diers are the best that ev - er fought, The sub - ma - rine chas - ers and  
 Now wouldn't you kiss your soldier boy once a - gain, He had - nt a kiss from you

gunboats did their part. Kaiser want - ed peace when they were los - ing sol - diers fast, Our  
 since God knows when, You used to wor - ry, now be in a hur - ry to give him what'er he wants, The

boys want - ed to go o - ver the top; They were winning and fought to the last, And  
 Lord was our sol - dier's friend, he helped them, Stood by them to put the Germans to an end. We

were all hap - py with the rose of this won - der - ful land, The Red Cross nurse who cherished and  
 won't be sad, heart bro - ken no more, my sweet heart will kiss me, I'm sure and I will nev - er

cared for all wounded men; I was reading the pa- per yes-ter-day And this is what it said,  
 roam, and we'll be glad When our boys come marching home from Europe's war - torn zone.

CHORUS.

The war now is o- ver and our boys are com- ing home, That is why our reasons were of

buy- ing Lib-er-ty Loans. Some of our boys lov'd their coun-try, Those were wise and no-ble boys,

They en- list-ed in the arm-y and the war life they en-joyed. Now aren't you glad to see the boys?

They are now in France where they've taken such a chance, We'll be glad when our boys come home.
