No. 4—12 lines.

Verse No 2.

The Kaiser thinks he has the right
To civilize mankind.
By bombing sleeping babes at night
He's got to change his mind;
For freedom's banners are unfurled
And so our task is set;
To make the world a decent world
Its him we're got to get.

Chorus
We're got to get the Kaiser
We're out to get the Kaiser
To make this world a decent world.
Its him we're got to get

Verse III

The Kaiser smiled at what he'd do
He started out so well;
He's got to know before he's through
That war is worse than hell.
Its Kaiser Wilhem going down
And so our task is set;
There's got to be an empty crown
Its him we're got to get.

Chorus.

We're got to get the Kaiser
We're out to get the Kaiser.
There's got to be an empty crown
Its him we're got to get.
