The fifth system concludes the chorus with a repeat sign and first/second endings. The lyrics are: "ev - er ov - er there. It's there." The piano part includes a fermata over the final chord and a first ending with a repeat sign and a second ending.

Six things that those who can not go over there can do at home to help to down the Kaiser

1. Do not be a slacker but see what there is that you can do to help the boys over there.
2. It is our duty, one and all, to grow in our gardens whatever we can and not to waste but save all of it we can for every plate full that we save will help Uncle Sam feed the boys out there that are fighting to protect us over here.
3. And those who have no gardens should not buy any more than they need and should not waste any of that which they had to purchase, for remember the boys out there want to have their meals too.
4. And to save all that you can on the things that you purchase at all times for every dollar that you can save and will try to give to the Government, it is just that many more shells for the boys over there to fire at the kaiser and down him forever.
5. And remember, that you get your money back with interest on all securities of the Government that you purchase and that if you can not do this then what kind of an American are you and what are you doing here.
6. And it is also the duty of every true American to help protect and stand at all times by the side of the greatest man in the world today and that is our President, Mr. Woodrow Wilson.
