Tempo di Marcia (Not fast)

Now the fight-ing is o'er, the can-nons dull roar, it is end - ed — Our hearts filled with joy, for
When the stor - y is told of vic-tor - ies bold thru' the a - ges — And his - tor - y true, brings

each moth-ers boy all are blend - ed — Your task was nob - ly done — and
cred-it to you in its pa - ges — Your names will shine in gold — your

you have just - ly won, The re - ward of a grate - ful peo - ple! So
deeds will ne'er grow old, In the minds of all those you fought for! So

REFRAIN

wel - come home our he - - roes, We're

proud of you When the call, to
Each brave lad, in

dut - y came You showed what you could do
kha - ki clad Or in the nav - ys blue

And now that you're re - turn - ing,
You're through with war's grim - y,

from o'er the foam We all re - jice with
no more to roam As man to man, well

one loud voice; — To wel - come you back home.
take your hand; — And wel - come you back home.
