know a lit_tle dit_ty and it takes me back a_gain To my dear old col_lege days The
chor_us may be use_ful when you're slightly "fou-the-nu" And your thoughts are somewhat mixed Don't
ev_ry_thing seems up_side down_still there's no need to fret. You've got o_ther things to do Just

stand there like a cod-fish if your Wi_fie jaws at you, Here's the way to get her fixed Don't
smile and o_ther folks will quickly smile at you_you bet, And the world seems brighter too So

Top_sy it was never real_ly born it simply grew, This is how I sang it with those dear old chums I knew.
tell the old, old stories for at you she'll on_ly jeer, Sim_ply see what happens when you whisper in her ear.
lets for get a bout the war, the Kaiser, and the queues, Sing this lit_tle chorus just to drive a_way the blues.
