Yes, we'll keep the tracks safe for you, Yes, we'll keep the tracks safe for you. It's a

sim-ple fact with-out a safe track You can nev-er get a train clear through. Yes, we'll through.

4. On the 29th day of September, in 1906
 A train crew ran in the river, about 7-56
 Never mind how it happened,
 It wasn't none of our fault.
 We flagged them with a red light
 But we could not make them halt.
