The Red, White and Blue stood out in colors so bold,
 And the Stars and the Stripes sent joy to the souls,
 So fight for your country, the land of the free,
 That our Flag may wave over the land and the sea.

Our brave soldier boys so loyal and true,
 Will stand by Old Glory, the Red, White and Blue,
 And when the war is ended and the Victory is won,
 They'll be proud of our Flag for all time to come.

Three Cheers for our Pershing, the man of great nerve,
 He is proud of our boys, he calls them his reserves,
 May he bring back the honors and Democracy right,
 From those crowned heads abroad who have caused this great fight.
