"Our Boys Of The U.S.A." C.A. Stephenson.

1

Boys of the U.S.A.--brave and true!
Sons of a great free land,--loyal clear through!
You have gone across the sea to fight the Huns;
And your Yankee fighting courage has them on the run;
Keep them going, boys, on to Berlin!
Keep right after them, yes, run them in;
You are fighting for our freedom and with love we all do say:
"You are our boys--our dear boys of the good old U.S.A."

CHORUS.

Boys that are khaki clad; boys dressed in blue;
Boys from our fireside, how we miss you!
Some of such tender years; some old and grey;
Fighting there side by side, by night and day;
Honor, and glory, too, shall be your share;
Helping us over here, our part to bear;
Heroes you all will be, and now we say:
Hats off to our boys--the boys of the U.S.A!"

2

Boys of the U.S.A.--sailed away;
Their courage is just grand,--that is their way--
They will make a stand --ah yes, make mighty stands--
And they make the foe to run or just throw up their hands;
They for Freedom fight--always they're right--
Kaiser Bill backs down, yes, day and night--
To the boys we bid so dear let's give a hearty cheer to day;
Hats off to them, they are our boys of good old U.S.A!"
