"When I Come Back From Over There" E.M. Halle.

1

To day, we happy fare; to morrow "over there"
 A shaft of moonlight clear; a cloud across the sky;
 A sweet smile from you, dear; then sorrow in your eye;

CHORUS.

Keep that kiss, sweetheart and smile that smile for me;
 For I shall see that smile ~~and~~ feel that kiss across the sea;
 Yes, keep that kiss, sweetheart and smile that smile so fair;
 For I am coming back to you, from over there.

2

To day in Dixie land; with you, dear at my side;
 To morrow over there; let no tears dim your pride;
 A shaft of sunlight warm; your love keeps me from harm.
