"The Yankee Doodle Boys" Bertha Tracy.

1

Uncle Sam's a Yankee Doodle Dandy; and his boys are mighty handy;
Dare to come along, come along, we are Samples strong, Billy boy;
When the clouds are d ark and heavy and there is no light for you,
Then the Stars will still be shining i the Old Red, White, and Blue!
In a f reign land we will take our stand to fight for the right
Of our Nation, grand--look away! look a ay! to a brighter day!

2

From across the sea they have been calling; til our Yankee blood is boiling;
Better have a care and beware! of an earthquake soon, Billy boy!
And it's going to stay until we hear you loudly quickly say:
"What will do! that is a-plenty, Yankee boys, please sail away!
With that Yankee band we will take our stand, to live or to die
For our Yankee Land, look away! look away, to a brighter day!

CHORUS.

We are the Yankee Doodle boys, we are from Yankee Doodle Land!
We will fight for our colors, and "Win or die!" is the motto of our band;
You will be w eary Willie, when we get through with you, Willie,
You'll be sorry that you started all this noise,
For we are the Yankee Doodle Boys--the Yankee Doodle Boys!
