Response To Liberty's Call

Song and March

Dedicated to Uncle Sam's Fighting Men

Words and Music by W. D. Crews

Our coun-try is in dan-ger, and we're called to go to war.
 We warn'd the cru-el ty-rants to a-void in-hu-man deeds.
 Our ships they have been sink-ing and our neigh-bors they have killed.
 We love the Ger-man peo-ple but we hate the Kai-ser's sin.
 Un-called for wars are sav-age, and we vow that they must cease.

We hear our com-rades sung-ing as they come from near and far;
 We tried, with ear-nest pur-pose, to sup-ply their vic-tims' needs.
 They've set the world to weep-ing for the blood that they have spill'd.
 We'll go and join the al-lies and be sure to help them win.
 We'll fight this to a-fin-ish, and pre-pare for world-wide peace.

CHORUS:

Yes, we'll go a-cross the sea to Ger-man-y, Yes, we'll go to set the nations free;

Yes, we'll go a-cross the sea to Ger-man-y, to fight for lib-er-ty.

PATRIOTIC CONSECRATION

Dedicated to All Loyal American Citizens

W. D. CREWS

Arranged by W. D. C.

It may not be in the air - plane's flight, or o - ver the sub - ma - rin'd sea,
Per - haps there's work that I should do now, to help our dear coun - try a - long,
There's much at stake; we must lose or win, in fight - ing this lib - er - ty war,

It may not be at the bat - tle's front my coun - try is call - ing for me.
By us - ing pen, or ham - mer or plow, or sing - ing a - loy - al song.
To shirk my du - ty would be a sin too great to be thot of by far.

But if to the com - mon - est task I'm call'd where the world my work can not see,
My coun - try, when ev - er you need my help in ear - ry - ing for - ward your plan,
So, find - ing a pa - tri - ot's task in sight, and want - ing the world to be free,

I'll do my best at my coun - try's be - hest; I'll be what it wants me to be.
I want to an - swer your ear - li - est call by do - ing what - ev - er I can.
I'm here to work or to give or to fight, so long as my du - ty I see.

REFRAIN

I'll go where you want me to go, Un - cle Sam, or stay where you want me to stay.

I'll do my part with a loy - al heart, and say what you want me to say.
