## BUMKIN ISLAND

Music by  
Mrs. G. L. CAMDEN

March tempo

We come from ev-ry walk and a phase of life All ea-ger to re-pond to the

score call Where none but the har-di-est sail-or can keep a  
With hard-ly an-y know-ledge of mil-i-ta-ry strife And with

foot-ing on its rock-bound shore But we love it all the same and we love its dear old  
out much ex-per-i-ence at all But we're chang-ing now from dubs to the men who'll down the

name Though we work all the day rain or fair So well learn to the  
subs And well sure-ly be a cred-it to your name For well make the

fight on the top of its height Till we're called to the front o-ver there.  
Hun take all hurd-les on the run And the Kai-ser will be wis-er at the game.
