Nobilita

CHORUS:

Now, some are crying aloud for Peace
Then sit down in sweet content,
What you want, you bet, you must fight to get
So we'll stand by the President.
For he's our big brother, don't you know,
He hoped that we might be spared
But patience could stand no more, and so
was forced to have war declared.

CHORUS:

Yes, we'll uphold his standard high
In view of those long oppressed
They'll see that monarchy must die,
That the people's rule is best.
We will stand by him for the cause is right,
Let the war be short or long,
We will stand by him, thro' the darkest night
'Till the day of Peace shall dawn.

CHORUS:

The 'Merican Eagle shall scream again
The Stars and the Stripes shall stand
And equal rights be giv'n to men
In each and every land.
We will fight for Peace, as our fathers fought,
We will fight to win, and then—
When the Star of Peace shines in the East
We'll sing "Home Sweet Home" again.
