**It Takes The 9th and 10th Cavalry to Make  
The Germans Lay Their Am<sup>m</sup>unition Down.**

(Dedicated to Our ██████████ Soldier Boys.)

This whole wide world is now involved in war,  
But they don't know what they are fighting for;  
The Kaiser he's the cause of it all,  
But Uncle Sammy boys are going to make him fall,  
He nearly wipe poor Belgium of the map  
And tried to get in France after that,  
It was alright till he start to fool with Uncle Sam  
And now he's got him self in an awful jam,  
Now the Germans may have their way  
But listen to what I say.

CHORUS:

It takes the 9th and 10th Cavalry,  
To make the Germans lay their Am<sup>m</sup>unition down.  
  
Now for three years or more they been fighting the world  
But we're are going to plant our flag right down on in Ger-  
man ground,  
Now we don't need no airoplanes, to drop bombs down,  
Just let us land our boys and put them all around,  
  
It takes the 9th and 10th Cavalry,  
To make the Germans lay their ammunition now.
