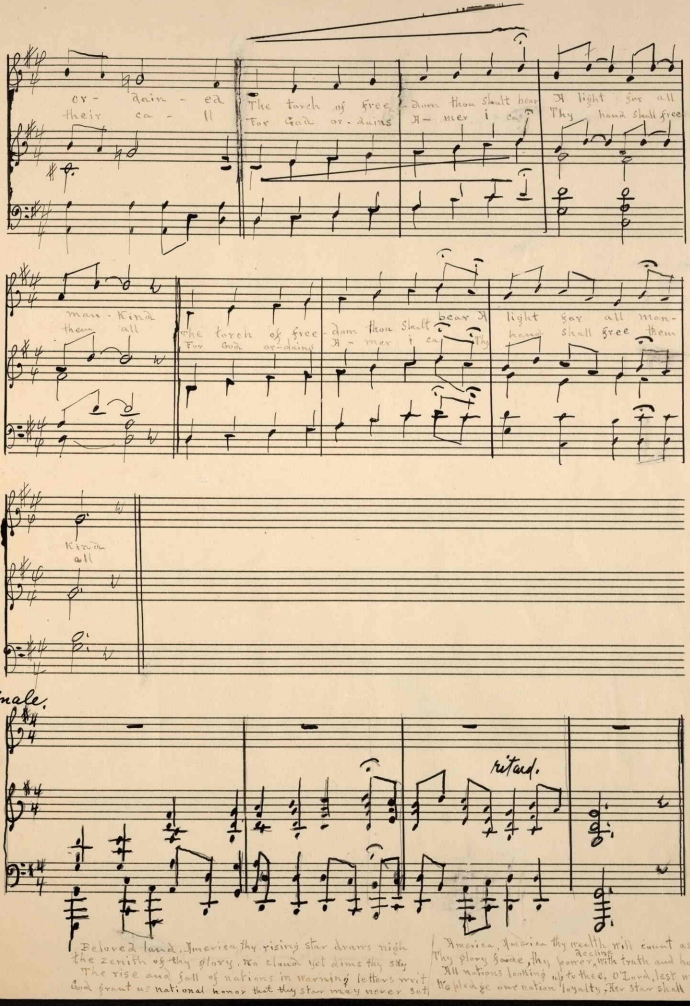
BRAND



Beloved land, America thy rising star draws nigh
the zenith of thy glory. No clouds yet dim thy sky
The rise and fall of nations in warning letters writ
And grant us national honor that thy star may never set.

America, America thy wealth will count as dross
Thy glory, fame, thy power, with truth and honor last
All nations looking up to thee, O Lord, lest we forget
To pledge one nation loyalty, her star shall never set.
