Whilst the one runs straight to Par - is yet the oth - er leads to Hell.
And he keeps his own soul hid - den and sends all his Huns to Hell.
So he gath-ered all his forc - es, two, three mil - lion strong or more.
CHORUS.
Oh the Kai - ser met dis - as - ter though he loves his car-nage well
When he sent his Huns to Par - is; there they passed them on to Hell
No the French-men will not have them in their homes they love so well
So the Huns he sends to Par - is they will pass right on to Hell.
