*Moderno*

'Tis spring-time in the val - ley, The flow'rs bloom ev - 'ry - where, But  
Each day my heart is heav - y, Each day I miss him more, Each

I am sad and lone - ly, My love's gone o - ver there; With  
day the clouds are gath - 'ring, The shades are fall - ing low'r, A

pride I saw him march - ing, A sol - dier brave and strong, And  
whis - per seems to mur - mur, He'll not re - turn for aye, But

now in on - ly wait - ing, For his re - turn ere long.  
 then when time is end - ed, I'll meet him there and say.

CHORUS

Wait - ing, wait - ing 'tis all that I can do, Wait - ing,  
 Wait - ing, wait - ing 'tis all that I could do, Wait - ing,

wait - ing my heart will e'er be true; Wait - ing, wait - ing  
 wait - ing my heart has e'er been true; Wait - ing, wait - ing

while I yearn, Longing dear one for my love's re - turn.  
 while I yearned, Longing dear one for my love's re - turn.
