### HOW TO WIN THE WAR.

Fat as little as you can  
Use corn instead of wheat  
Of food dont waste a morsel  
And camouflage on meat.  
Buy Liberty Bonds, Buy all you can  
To the Red Cross give your wealth  
Knit mufflers, knitt sweaters too  
They protect the soldiers' health.  
By all means plant a garden  
And raise a bumper crop  
Remember food will win the war  
So let's go over the top.  
Be confident, be patient.  
Be cheerful and be kind  
To soldier boys and sailor boys  
And those they leave behind.  
Do your bit with all your heart  
Patriotic to the core,  
Do all you can and a little more  
And we will WIN THE WAR.

# A Soldier's Dream

Words and Music by  
BYRON GAY

Piano:

Voice.

Out in the land of he-roes, When shad-ows of twi-ght  
There is a land of prom-ise A land that is bright and

fall, And the night keeps the sun in hid-ing 'Till it  
fair, A land filled with love and kind-ness For

hears the morn-ing call 'Tis then when the soul is wea-ry Of  
all who may en-ter there, A land filled with smil-ing fac-es It's

all that the day-time has done 'Tis then when the sol-dier  
 heav-en and peace is the door, But a sol-dier to get with-

dreams Of hap-py days to come— Thousands of dreams are for  
 in Must fight thru the fire of war— Fight for what's right so that

dream-ers But a sol-dier can dream on-ly one. He  
 vic-try Will his fire-side and loved ones re-store.

Refrain.

dreams of a home and moth-er He dreams of the days gone

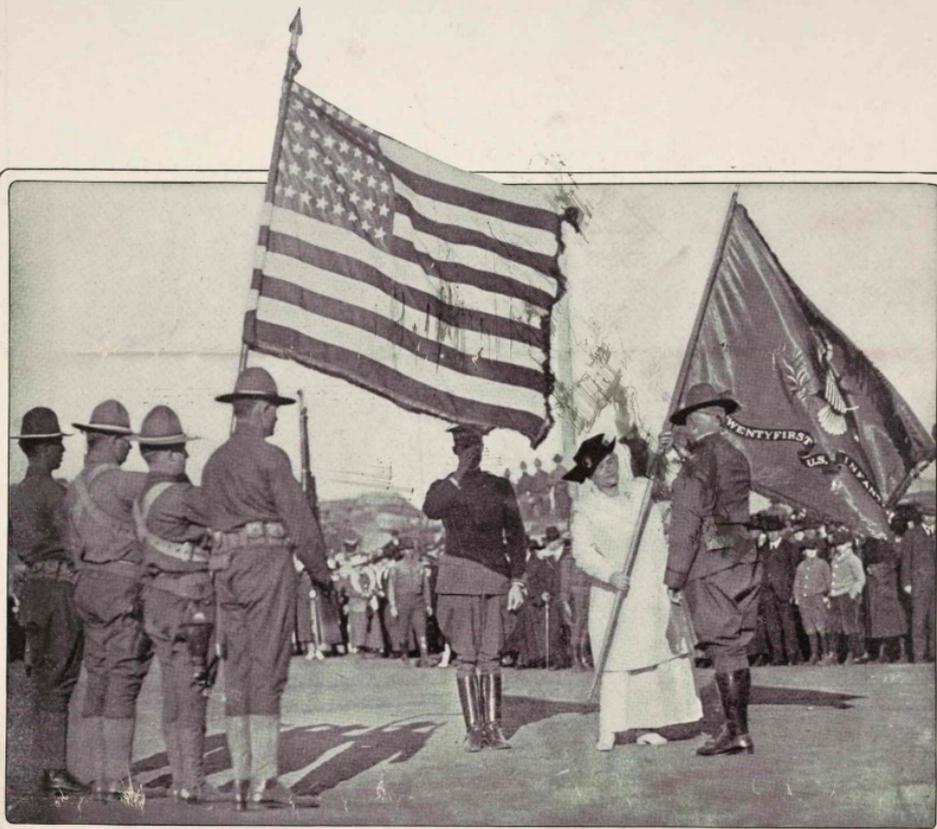

by. A cot-tage 'mongst the trees The hum-ming of the bees And a

moth-er's lul-la-by He dreams of the land of "No Man" And

there thru the clouds of war Comes a light thru the night And, the

*ten.*

world seems bright Re- turn - ing to home once more.

Mme. Schuman - Heink, known as the "Mother of the American Army" presenting colors to the twenty first Infantry, U.S. A. The famous singer has cancelled her professional engagements for one year so she may visit the various cantonements and with her marvelous voice cheer up the boys, among whom are four of her own.
