God Bless Our Land.

By ANNIE GORANS.

1. God bless our land, A - mer - i - ca., The land of true and brave,
 2. God bless our no - ble Pres i - dent, His work with vic - tory crown,
 3. So raise your ban - ners high in air, Ye lads in kha - ki clad,
 4. So fear not when your coun - try calls, But ans - wer: "Here am I!"

And give our sol - diers vic - to - ry, The suf - fer - ing na - tions save,
 That righ - teous ness may win this war, And ev - ery trait - or down,
 For vic - to - ry will sure - ly come, And man - y hearts make glad,
 For God and for A - mer - i - ca, I'll live or I will die.

That peace and joy will reign once more, In ev - ery land from shore to shore,
 That is the prayer in man - y homes, In man - y lands, on sea and shores,
 Then friends will gather there once more, In peaceful homes like years be - fore,
 And if you find an ear - ly grave, It will be mongst the true and brave.

That peace and joy will reign once more In ev - ery land and shore,
 That is the prayer in man - y homes, In man - y lands and shores,
 Then friends will gath - er there once more, In peace like years be - fore,
 And if you find an ear - ly grave, It will be mongst the true and brave.
