## NEW AMERICA

Words by  
DAISY D. HUSTON

Music by  
LETA GRANT

Oh  
'Twas

proud A-mer-i-ca, true A-mer-i-ca, you have start-ed the world a right So  
a beau-ti-ful morn just at break of day there was ring-ing, blow-ing, sing-ing So

hats off to you we are with you, you have won, have won the fight. As a  
good-by France and Eng-land grand joined with Yanks in heart and hand As the

moth-er stills her child shore thou hast hushed the war so wild  
boys near the shore and are home to stay once more

Kha-ki boys o-bey'd thy will when thou said to them be still, So like  
Kind thoughts go out to those over there as each breathed a word of prayer So for

hea - ven now it seems, as these words ring in our dreams.  
ma - tions life hath just begun as Lib - er - ty greets them one by one

CHORUS  
Oh, A - mer - i - ca, oh, A - mer - i - ca, our own dear A -

mer - i - ca glad-ness rolls from sea to sea, Voic-es ring in praise to thee,

go-ing to the front in time Help-ing break the Ger-man line, fills our hearts with

love for thee While we sa lute old Glo - ry, oh, A - mer - i - ca, oh, A -

mer - i - ca, Our own dear A - mer - i - ca.
