### PERSHING'S CRUSADERS

All hail! All hail! Our Pershing's brave Crusaders  
How bravely they muster two million men or more  
In strength of spirit 'gainst ten million they did score  
To crush the Hun invaders.

They have planted Old Glory over there on Flanders' Field'  
Liberty's fruitage in abundance it shall yield  
'Gainst tyranny and oppression forever be the shield  
Let mercy, love and truth hold sway.

The Stars and Stripes the Tricolors intermingle  
For sacrifice and service they'll forever be the symbol  
For one and aye their purpose it is single  
That liberty and justice shall reign.

As Crusaders going forth a world's vast debt to pay  
Their all upon the altar of human progress lay  
For all time and forever the fiend of battle slay  
And glory has crowned their day.

#### CHORUS:

All hail! All hail! Our Pershing's brave Crusaders,  
How bravely they muster two million men or more;  
And with their allies triumphant in the fray  
Peace with victory crowns their way!
