 step on thy Janes. For we stand shoul - der: to -

 Three cheers for our na - tive land.

4 The sun and moon and stars all shine
 As the ships go gliding by;
 She seems to know her duty
 As the Stars and Stripes fly high
 As the boys go marching on
 Hurrah for our land!

5 Now we are all together
 We are all on the move
 So we all stand together
 In our own native land
 We are all at the wheels together
 Hurrah for our land!

6 As we all move together
 And you see this mighty change,
 As we all step the same
 In our own native land
 Our colors wave o'er land and sea
 Hurrah for our land
