Franz Lang.

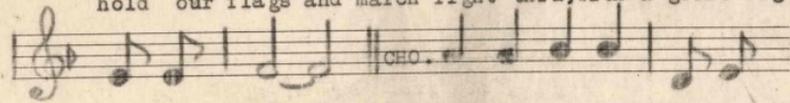

Get together boys, let's make a little noise,

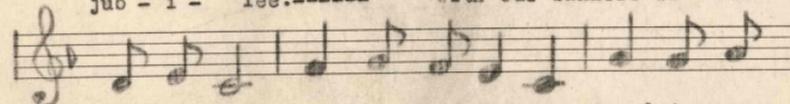

With our bang, bang boo and rat-tat-too, We will

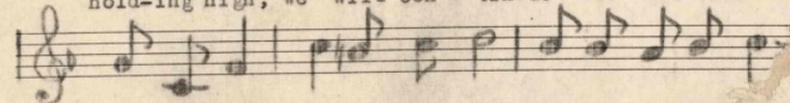

hold our flags and march right thru, With a great big

jub - i - lee.----- With our banners we are

hold-ing high, We will con - tin-ue to let our

col - ors fly, A jub - i - lee don't you see whoop-pee.

Whoop-ee, Whoop-ee a great big jub - i - lee.-----

(2)

If that enemy continues to chew,
We will show them what we can do,
With our bang, bang, boo we will march right thru,
It's a spree, it's free that great big jubilee.

(3)

We all together must tightly oling,
Because we don't believe a blooming thing,
But with our bang, bang, boo we will crop his wing,
Then sing that song at the great big jubilee.

(4)

We will run no jib, nor take no jaw,
So they needn't take us for a Santa Claus,
For we will march right thru like a circle saw,
That's free to be in the great big jubilee.
