PATRIOTIC SONG

THE LAND OF LIBERTY

Words and Air by
FREDERICK LINES

1. In this dear land of lib - er - ty, Which God doth free - ly bless, Each

may en - joy with - out al - loy, Life, hope, and hap - pi - ness. Our

grand - sires' fight a - gainst the foe For Free De - moc - ra - cy, Gave

us to - day the U. S. A., The Land of Lib - er - ty.

2. George Washington was first in war,
And also first in peace;
The Nation's founders bled and died
That tyranny should cease.
The Civil War our fathers fought,
To banish slavery,
Both black and white, now share alike,
The joys of Liberty.
3. No place for Princes, Kaiser, Czar,
Nor other rank or class,
Our purpose freedom near and far,
True freedom for the mass.
This nation offers serf or lord
Free opportunity,
An equal share in prizes rare,
Freedom and Liberty.
4. See that bright flag of liberty,
Fit symbol of our land:
The red expresses freedom, life,
The white for truth doth stand.
The blue is for eternity,
The sky, the air, the sea,
The stars aglow, our Union show,
The stripes our Liberty.
5. And as we join our allies true,
Danger or loss to face,
To fight against autocracy,
The menace of the race.
We will not flinch midst war's alarms,
What e'er the price may be,
We face the pain for others gain,
To give them Liberty.
6. We gladly yield for common good,
What fills the Nation's need;
Some offer wealth and others health,
Forgetting self and greed.
To work and aid, to live or die,
Serving devotedly,
In peace or strife, in death or life,
Give all for Liberty.
7. The States which form the U. S. A.
Unitedly they stand;
From Florida to Oregon,
Freedom's fearless band.
America! Columbia!
From mountain to the sea,
The Nation's aim always the same,
The Land of Liberty.
