5. On to Berlin! for the freedom of the seas,
And all that we hold sacred, fling Old Glory to the breeze;
The Stars and Stripes forever!
Oppression's chains to sever;
We'll send our "chasers" on, and the "subs" will soon be gone
And we're ready, now fall in! let's go! let's go!

6. On to Berlin! our Allies for us wait,
Together we will win, and in victory will be great;
The Stars and Stripes forever!
Oppression's chains to sever;
America will come — dont you hear the fife and drum?
And we're ready, now fall in! let's go! let's go!
